

History Trip

This week Year 9 went to the National Archives in London. This is where all of Britain's important papers are kept.

Year 9 went to look at famous documents of the 20th century. They saw the original SOS telegrams from RMS Titanic and some of the government posters from WWII.

Sarah said that everyone enjoyed the day and they were sad about the Titanic.

Champions League

Well done to Manchester United for winning the Champions League. Really bad luck for Chelsea.

Mr Dunlin watched the match and said, he has seen Manchester United win the European Cup 3 times (1969, 1999 & 2008). In 1969 he watched the final on a black and white TV - Manchester United beat Benfica 4-1. He can remember great
