Hedge Laying

Edward spent fun a day in Newick Woods, helping a local volunteer group called Rootz. They were doing a very old craft called hedge laying, where live hazel tree stems are partially cut and bent over and then woven through upright sticks to form a hedge. A man from the Woodland Trust was there to show the volunteers what to do. Edward helped to weave long lengths of cut hazel, called binders, through the tops of the sticks. He was also in charge of lighting a bonfire and burning some waste wood. Edward was the right man for the job because he is a 'Bonfire Boy' in his local Bonfire Society.

Deaf Footy

Heartbreak for BHDFC last weekend, as they lost to St Albans DFC 4-3! The match was very tight but Brighton looked more likely to win... until St Albans scored a devastating late goal! 2 goals from ex HLSC star, Paighton and 1 from George (FE). Next match is against St John's this Sunday.

Staff Runners

If you are in Brighton this weekend you might see Darren (Care), Ms Mundy and Mrs Wood out for a run. Darren is doing the Brighton Marathon and Ms Mundy and Mrs Wood are doing the BM10K. Good luck!

If you would like to make a donation, Darren is running for Cancer Research.

Equal Access Assembly

Mrs Grant, Mrs Dumbrill and Miss Caiels did a presentation in assembly about using an interpreter. Remember to ask for an interpreter if you are attending a meeting or appointment. Let us know how you get on.

Why do we use interpreters?

To communicate To have access To understand To explain our views

Welcome Schneider

Welcome to Schneider who has joined FE. This week at he did gardening and planted bulbs in a flower pot. On Thursday he helped in Scrummies Café and then he did music, which he loved. Then Schneider went bowling. On Thursday evening he went out for a treat with the other

1B boys. Schneider had sorbet!

Marathon Fundraising

Councillor Dan Chapman (Queens Park) is aiming to raise £1000 for HLSC when he and his friend, Rachel, run the Brighton Marathon this weekend. If you would like to help Dan reach his target use the link.

FE Driving Simulator

We are really excited with FE's new Driving Simulator. It has 3 screens and gears too! Students can learn and practice driving skills from the safety of the classroom. The simulator has everything, streets, motorways, rain, snow and ice. This is a great way to build confidence before going out on the road! — Ms Frankel

Boys House

The boys at No.1 House enjoyed doing the New Avengers puzzle. Kiran and Dominico made the most of the sun and went with Naomi (Care) to the Marina, They played table tennis, had ice cream and looked at all the wonderful Yachts!

Sarah

Sarah went to New York last week with her mum and dad. Sarah said, "I went to lots of places and I liked the Empire State Building. I went high up. I liked Central Park and the Statue of Liberty."

Boxercise

"Boxercise is great. It promotes strength and co-ordination. Year 10 and 11 can choose to do some Boxercise at the gym as part of their PE lesson.

The Family Discovery Day At The British Museum Saturday 7th May 12-4pm

Make, look, touch, sign, explore and laugh.

Explore Museum galleries, take an underwater family selfie, make treasure and enjoy stories of the sea.

This event is fully accessible for families with deaf children and parents.

Coursework

This week Ayesha completed part of her Humanities exam coursework. She has been learning about what happened to the island of Montserrat after the volcanic eruption in 1997. Her task was to describe what happened to the people after the eruption.

Ms Wakeling interviewed her and she was able to describe many problems that had happened to the people on the island. The interview was filmed and will be sent off to the exam board. Ms Wakeling was very impressed with Ayesha's knowledge and how confident she was signing to camera. Well done Ayesha, excellent work.

Recycle Your Batteries

Remember that Mr Browning takes hearing aid and cochlear implant batteries for recycling. There should be a pot in all classrooms and in Care for collecting used batteries. If your room hasn't got one, please see Mrs Dumbrill. Recycle, Recycle, Recycle.
