Kaitlyn

Kaitlyn joined us for work experience this week. She could not sign but has been learning signs all week. She has been a teaching assistant in with years 6, 7, 8 and 9.

Her teacher, Mr Lawrenson, came to see her and was very pleased with her work. Mrs Grant said, "Kaitlyn has worked really well. She was a bit shy at first but grew in confidence and has been a big help!"

Kaitlyn said, "I've really enjoyed learning sign language and being here."

D of E Expedition

Year 10 D of E students have completed their Bronze Award Expedition with flying colours. Ms Wakeling, Darren Goldsmith and Ms Mundy said, "We are so pleased. Oliver, David, Lucy, Beth and Ayeshaa should be very proud of themselves, they all did extremely well.

Murder Mystery

This term Mr. Kent worked with 8 FE students on creating a murder mystery drama called, "The Blue Gloves". They filmed it and showed it to the rest of FE today. Each character got murdered one by one in true Agatha Christie style and the murderer was as a surprise to everyone!

Everyone really enjoyed it - taking part and watching!

FE Achievers

Oliver attended City college awards night yesterday and received the Media Arts City Achievers award. Oliver's mum said, "I think it's an amazing achievement and it's a fantastic ending to his time in Brighton at Hamilton Lodge.

Sarah, Rosie & Sophie received their certificates at City College. Mrs Grant went to watch the presentation and was very proud of them.

Congratulations also to the Level 1 and 2 Vocational Studies Group and Andrew, Level 1 Catering. They all received certificates.

FE Leavers

We also said goodbye to some of our FE students this week. We wish them all well. Some are going to local colleges, some into work and some to specialist colleges. Good luck and come back and see us at HLSC. We will miss you!

Art Exhibition

If you would like to have look at your fellow students' art work, then come to the art room – You will be able to see the brilliant GCSE art work by Year 11. Also on display is Dom and Natasha's own 'Pub Signs'. Mr Kent said, "I think they look fantastic!". The Art room will be open until 4pm.

FE Activities

It's been a good week in FE. There have been special activities including climbing, kayaking and mountain biking. My thanks to all who made it possible.

— *Simon Belgrove*

Lewis at College

Mrs Grant went to City College and saw Lewis on his stall for his enterprise work. There were fantastic bug nests. Well done, Lewis!
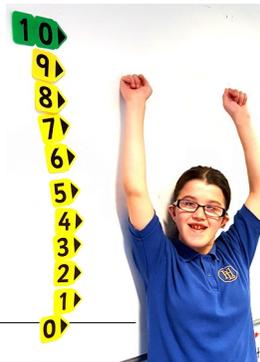

Lewis also made this lovely cake at college and gave it to Ben for his birthday. We all got some and it was very tasty!
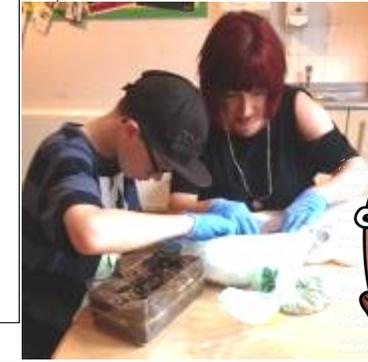

Tayah Counting

Tayah has been learning numbers 1-10. Tayah can count from 1 to 10 and then she can count backwards from 10-1.

Well done, Tayah.

Worm World

Luke and Naomi made a small worm world yesterday. Luke had great fun setting up a new home for them.

Thanks, Luke!

A Special Letter

This week Mr Couch received a letter. It had 'Buckingham Palace' written on the front - which was exciting!
Mr Couch wondered what could be in the letter. Could it be an invite to the palace for tea and buns? Could it be a medal for all his good work?
He opened the letter and found a 'thank-you' note from the Queen!
She wasn't thanking Mr Couch; she was thanking all the students at the school for sending her a beautiful birthday card!
'Well done everyone!' said Mr Couch - he didn't want to go to London anyway.

Could it be...

Alas, not yet, Sir.

Alice's Computer Program

Alice has been creating her own computer programs using Python. She created a range of questions to ask Kaitlyn who was on work experience. The program asks the user some questions, which they must answer to create a conversation.
