Egg Hunt

After lunch today we had an Easter Egg hunt. Happy Easter!

Lenny

We had to say goodbye to Lenny today. He has been at HLSC for 9 years and we will all miss him. On Wednesday evening, Lenny had a night out with his friends. Lenny said, "I love HLSC and all my friends and staff. I also love Spider-Man and The Flash! Thank you to Sam, Simon B and Mrs Grant for helping me. You make me laugh!"

We said goodbye to Lenny in assembly and he had a party in the FE department. Bye bye, Lenny, come back and see us.

Driving Theory With Kwik Fit

This week some of our students enjoyed a visit from Chris from Kwik Fit who taught them how to carry out visual safety checks on a car, including making sure tyres are safe, checking engine oil, and how to test all lights are working. Later in the week some students got to practice their skills on some of the staff cars. Hopefully they'll be able to help at home too now! — Ms. Frankel

Work Experience

Hamilton Lodge has a new member on the Maintenance Team! Andrew (FE) is enjoying doing lots of different jobs around the school for his work experience. Thank you Terry, Bob and Andy for giving Andrew this great opportunity!

Photography

Leah has chosen an architecture theme for her art project at college. Look at the photo of the Pavilion. Do you notice anything different about it? It has a different background because Leah used a reflection from the bus window to change the Pavilion's background.

Megan

A student Occupational Therapist called Megan visited us on Monday, Wednesday and Thursday this week.

She enjoyed meeting staff and pupils and learning about our school and she brought us Sainsbury's vouchers! Thanks Megan.

RAD Website

The RAD has updated its website.

It has lots of new features and some will be added later. There will be a feature which will allow you to view all the events they have on offer in a monthly calendar format, just click for more information as well as booking your space.

You can also follow RAD on Facebook / Twitter / Instagram for all the latest news and updates.

Time

Can you put these amounts of time in order of length from the shortest to the longest? Ben and Louis did it in no time at all.

30 seconds, 36 minutes, 2 hours, 3 days, 1 year, a leap year, 16 months, 3 years, 1 decade, one and a half minutes, 26 minutes, half a day, 50 weeks, 185 minutes, half an hour.

Get Fit For Summer!

Now the weather is improving, we can use the fitness trail again.

Here is a picture of Ms Rogers (TA) helping Tayah cross a log.
