

New Ship

Mrs Grant talked about an amazing new ship that set sail last week from Southampton. It is called The Harmony of the Sea. Mrs Grant asked everyone to guess some answers about the ship, she asked how much did it cost to build? (£695 million) How long is it? (362 metres, that is like 3 football pitches) How many restaurants does it have? (20) How many people work on the ship (2,100) and how many eggs are eaten on it every day? (15,000)

We played true or false for these statements:

The ship has a hospital on board. TRUE

The ship has a prison on board. TRUE

The ship has an ice rink on board. TRUE

The ship has 15 swimming pools. FALSE...it has 23 swimming pools.

Mrs Pulham said, "I wouldn't like to go on that ship because I like to be able to walk about when I am on holiday!" Mr Inman said, "One day, I would like to go on that ship to experience it!"

Alice

Last Friday, I went to assess Alice for her Entry Level PE at her trampolining club.

Alice was in the squad group and really impressed me with her 10 bounce routine and somersault moves. She was working hard to polish up her routine for a competition on Sunday.

Alice has been awarded her trampolining badge for achieving maximum marks in her Entry Level assessment. Well Done Alice! Ms Mundy
